

AquaCamps

2017-2018

When school is out, the Aquarium is in!

Looking for an exciting adventure on days off during the year? Let us help! Each camp can include animal encounters, science experiments, exploration time in the Aquarium, crafts, and when weather permits, time at The Splash Pad.

AquaCamp is designed for children in Kindergarten through 5th grade.

Camp days run from 9 am to 4 pm.

Morning and afternoon care is included in the cost of camp. Early drop-off starts at 8:00 am and late pick up goes until 5:30 pm

\$7 for Lunch

Monday- Wednesday, November 20-22, 2017

The Great Migration

Many animals, both great and small, make long journeys. Practice your orienteering skills and discover the path that birds, butterflies, and whales take!

\$150 for Members • \$190 for Non-Members

\$21 for Lunch

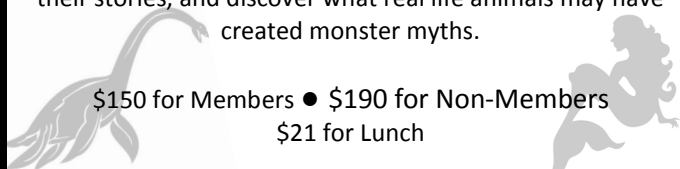

Wednesday-Friday, December 27-29, 2017

Sea Monsters and Myths

Most have heard about The Kraken, The Loch Ness Monster, and mermaids, but where did they come from? Investigate their stories, and discover what real life animals may have created monster myths.

\$21 for Lunch

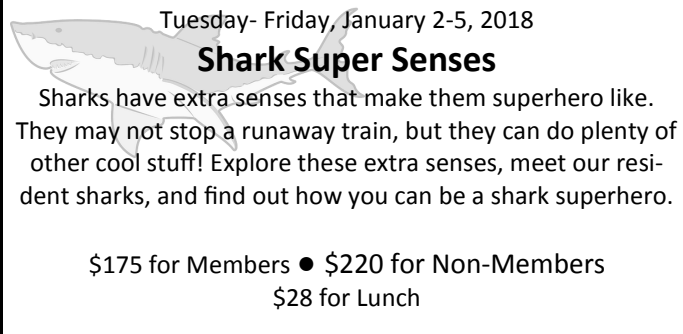

Tuesday- Friday, January 2-5, 2018

Shark Super Senses

Sharks have extra senses that make them superhero like. They may not stop a runaway train, but they can do plenty of other cool stuff! Explore these extra senses, meet our resident sharks, and find out how you can be a shark superhero.

\$175 for Members • \$220 for Non-Members

\$28 for Lunch

Monday, January 8, 2018

Don't Try this at Home

Science is all around us! Creating a cool reaction is often as simple as opening your kitchen cupboard. We'll make magic mud, build a rocket engine, and create toothpaste for an elephant.

\$7 for Lunch

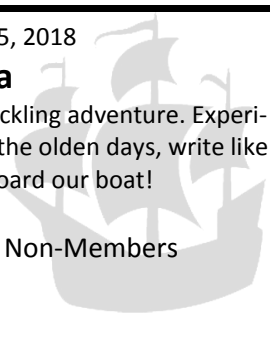

Monday, January 15, 2018

Life at Sea

Come aboard as we go on a swashbuckling adventure. Experience what life was like for a sailor in the olden days, write like pirates did, and set sail aboard our boat!

\$52 for Members • \$68 for Non-Members

\$7 for Lunch

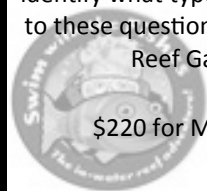

Monday-Friday, March 12-16, 2018

Swim with the Fishes

Have you ever wondered what makes a fish a fish, or how to identify what type of fish you're looking at? Find the answers to these questions and more before taking a dip in our Coral Reef Gallery (required to be 6 years old).

\$220 for Members • \$275 for Non-Members

\$35 for Lunch

Friday, March 30, 2018

Amazing Arthropods

Arthropods account for nearly 80% of all species on the planet! Dig into this strange phylum with us; discover what they are, where they live, and why they matter.
