

New Teacher Workshop!

AMAZING ANIMAL ADAPTATIONS

Science teachers in grades 6-12 are invited to join The Florida Aquarium for an exciting new one-day workshop exploring how animals thrive in their natural habitats. During this workshop, educators will delve into the fascinating adaptations of a wide range of animals, both aquatic and terrestrial. Teachers will leave with standards-aligned curricula focused on the traits that enable animals to flourish in their natural habitats. An \$80 stipend will be provided to teachers after completion of the workshop.
